Dear Mr. Marston:

Re: Tentative Approval of Reclamation Plan, Jay Pagano Estate,
Pagano Clay Mine, S/015/062, Emery County, Utah

The Division received the final signed version of the Pagano Clay Mine reclamation plan on May 19, 1993. The Division finds the plan to be complete and hereby grants its tentative approval of the plan.

We received the Reclamation Contract and \$3,700 reclamation surety on April 13, 1993. We will request approval of the amount and form of reclamation surety from the Board of Oil, Gas and Mining, at the June 23, 1993 Hearing. We will also inform the Board that all of the requirements of their March 8, 1993 Board Order have been satisfied.

Following Board approval of the reclamation surety, our tentative approval will become final. You will be notified accordingly. Thank you for your cooperation in completing the permitting requirements for the Pagano Clay mine site.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
